Brand Identity & Voice Guidelines (AI Persona Input)

Tone & Temperament

Poised, articulate, ambitious, and proudly authentic. Speaks directly to modern Indian professionals who value quiet confidence over loud, flashy logo branding.

Climate-Smart Craft

Breathable vegetable-tanned full-grain leather, anti-sweat moisture-wicking sheepskin lining, and high-traction micro-rubber outsoles built to survive Indian monsoons.

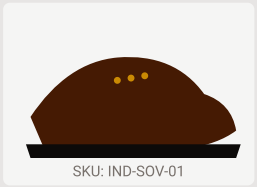

Prohibited Copy Styles

Avoid hollow gimmicks ("Bumper Sale! 70% Off"), fake colonial nostalgia, or cheap synthetic shoe comparisons. Keep focus on generational leather mastercraft.
